ATLANTICA PRECIOUS

COLLECTION

Exclusive design-oriented bathroom fittings with Malachite stone. The collection, that fuses art and luxury, is inspired by a delicate ancient jewel of the Spanish nobility.

A jewel was given to a young woman, of slender figure, for her commitment to one of the children of the most influential family of the Spanish nobility of the 18th century.

It is said: “the jewel was as golden as her hair, and possessed shiny and rounded stones of malachite as her green precious eyes, and that this jewel guaranteed luck and privileges throughout her life”.

MALACHITE STONE

Malachite is a gem with attractive light and dark green tones.

This semi-precious stone is considered a protective stone and is widely used in jewelry.

Extracted from some of the most important deposits in the world, its precious green colour combined with 24K gold makes it irresistible to the beholder.
This makes the faucets and bath accessories of this collection an unique and exclusive jewel for the bathroom.
